Take advantage of this opportunity to learn more about your EZBIS office management software and put that knowledge to use...to make your practice more efficient!

Chances are, there are many features in your EZBIS software that are unused, simply because you've never had the chance to explore them! In this training seminar, you will learn many new advanced concepts and lots of tips for making full use of your office management software. Plus, you will learn about the remarkable enhancements in the **brand new version 11.2!**

Two separate sessions will be offered:

Morning Session: Using EZBIS Office, with a focus on the latest features added in version 11.2.

Afternoon Session: Electronic Health Records in-depth tour and training, including with a heavy emphasis on the great new features in the new version 11.2, plus how to use the Waiting Room Module in connection with the EHR module.
